I suggest please dont give two subject for one teacher for teaching.  
Otherwise this institution is very good.

1. Teacher can explain the topic also hindi and marathi.
2. Teachers please say to all boys please keep slience in class and  e Moblie phone in lecture time
3. sociology Teacher provide notes to student in short and please speak loudly in class because back bentch students are not lession properly ,please explain the topic in marathi.

Teachers are not friendly, behave different with different student , some Student are unable to attend the lectures due to work related . They do not respond their queries and behave angrily .

Excellent Satisfactory Very Well

All of my professors are very fluent and teaching learning experience in my institution is already at excellent level. So there is no suggestions from me to them. Thank you 🥰 all my Teachers 🌸

Regular classes, good teaching experience, students had give extra ordinary performance in classroom.  
Thank you.

The overall suggestion i can't give but the teaching & learning experience in mine institution is awesome.

Teacher should focus on example more than theory

- 1)Give them assignments that need a lot of research, reading and analytical skills.
- 2)Conduct debates, seminars and talks for the students.
- 3)Ask them to create a questionnaire from their syllabus.

Sir I request that arrange outside visit for us for learning purpose like at different types of courts (family court) and the learning method of our teachers is great because the teachers in my class teach from their heart and clear all doubt regarding their subject

I'm BALLB 3rd student. Lectures by Ali sir and Bisen sir end very soon. But Patil mam and Bandewar mam teach lectures in a very boring way. They can't even ask some questions. This problem is not only for me but for everyone.

And I just want to say that. I don't like the behavior of Bandewar mam in practical time. 🙄🙄  
🙄🙄🙄🙄

Excellent teaching staff,  
Institute atmosphere is very good,  
All staff is very cooperative.

College start to next week Assignment Practical writing work

Just good

Teaching process is excellent

Nice

Everything is neutral. 👍

Best'

About 48% students strongly agree that the overall quality of teaching-learning process in the institute is very good and 38% students agree-38%. About 13% students were neutral.

Overall teaching is very good. Make teaching a two way interaction. Try to reach every student and ask for their doubts. ...

Improvement in library and using technical aspects

1. Teachers should focus on completing the syllabus and give adequate time for revision too, without wasting time on Idle Talks. Some of our teachers are taking remedial classes in our vacations (exam preparation leave). That's highly irresponsible of them and kind of irritating too.

2. Teachers should take teaching seriously. And by teaching, I don't mean just reading from a book and translating it.

If they are just reading and translating then they are not worth more than a Google Translator. A teacher should be able to give illustrations while he's teaching in class and he should be able to turn a boring subject into an interesting one.

3. Last problem is with the Library. There is a chart written in library about the rules and regulations. But swear to God, not a single life in our College follows it. For example, returning books in seven days and if not fine'll be charged. You know what happens. The students borrow books at the start of the semester and return them after the semester exams that means there'll be no intake of book for whole semester (i.e. 4 months) and the remaining students will be hanging into their Class Notes only (which are not adequate for exams).

\*I really wish, oh sorry, I can only HOPE, that somebody from our higher ups reads these observations and act upon them to bring a change.\*

My experience was good but I suggest them to 1. increase conversation with all student  
2. Motivate student as they possible 3. Try to solve all student question.

My College is the best for all the activities as well as in teaching also. They are always help us to any type of work of studying, thank you.

We will expect that  
Classes will be regularly and  
Take Pre exam in class.

Just thanks for everything.

Basic information, Give proper example for better understanding, Giving extra knowledge regarding the topics

Very very grateful for teaching learning experience in the our institute. Institute Provided online/offline teaching to us with big efforts and notes of major subject. Daily updates are provide to us on social media like Telegram, what's app, email etc. Every teacher teach effectively with the related case law and resolve difficulties to us.... The very most important

thing is a law dictionary and law sentence share to us daily on telegram channel by Principal Dr.Khakre sir...so thank you to all teachers for your big efforts....

I fully satisfied with all Respective teaching staff,Respected principal sir and also Administered staff

Thanks to all Respected sir's and madam's

Teachers don't know to speak English they always read a statement in English and explain in Marathi this should be improved.

And the History teacher Mr. Palekar he is too rude with students this should be improved teacher should be in well behaviour with students. Management should take note of this . That's all ..

- 1) Increase uses of Projector, Multimedia.
- 2) Improve communication Skills.
- 3) Improvements in explanations.

1. Our College campus, premices, and teaching staff are excellent.
2. In our college available all facilities,...
3. In our college students strength are vast and there are so many students aare learn out of district thre are many problems to up and down hence it must be necessary to online and offline teaching.

Thanku so much...

During assignment submission teachers should guide to the student politely about answer right, otherwise all is well.

Very well teaching but its important to based on practically teaching and giving practical knowledge

You should give more facilities to scholar students.

1. Give equal opportunities to all students in class involvement.
2. Adapt fun learning technique rather than classic.
3. Should help overcome students weakness in subjects.

GOOD

All subject teacher are leading method excellent

- 1-Teachers Friendly Behaviour With Students
  - 2-Exam after each lesson
  - 3-Forcing students to teach after lessons
- Teach very well

Emphasis should be on practice learning  
Students should make regular and extensive use of our rich library  
Regular teacher-student interaction can be promoted.

They teach well, but there are no classes every day And Let them know at least one day in advance if they want to take a lecture or not.

1. Give equal ooportunities all the students in the class and in extracurricular actives
2. Teacher should encourage displane in the class among students
3. Teacher should encourage over coming weekness of the students.

Use better graphics and visual media to engage students well

The interraction with students will be increased.

Better

NA

1) Conduct Debate, Seminar & talk for the students

2) Break down a complex topic in to simpler ones for a better understanding concept  
Or  
Give case study and assignment

3) Add regular assessment & Feedback Process for chapter wise , Unit wise & whole syllabus

I would like to say that there is little space for parking Just do that place.

Good co ordination with student

No improvement required.

Best education

They have explain the difficult and important concept in brief.

exclent

After online classes there is only palekar sir uses projector it's good for us but another teachers also good for us. Thank you 🙏

I got to learn a lot through this institution and college is great all teachers teaching is very good

1. During assignment checking some teachers not behave like a sincere teacher, they insult students infront of hole class.  
2. Some teachers doesn't discuss with students about CA book questions, they shout on students and don't understand them, and their problems.  
3. Due to some family problems, transport & staying issues, students doesn't reach college regularly, so if it is possible do sometimes online classes.  
Otherwise all teachers and college staf is very supportive.

No any suggestions

Pratical Activities

In Narayanrao Chavan law college Nanded teacher staff is very well but need to progress on yourself. And According to me daily takes 5 lectures. Because maximum students are updown in out of Nanded area so.

I will suggest that collage should work with time management and that, we have book knowledge when we go for interviews they ask about practice knowledge or experiences necessary for students future...

Everyone and Everything is Good.

It is very good college and the staff is very cooperative. proud to be student of this college

As per now need to continue

1 College Staff Is Very Nice.  
2 Teachings and learning are great no issue.  
3 It would be great if the project verification and CA book verification complete on the fix date and process could be done on the same day. But some lecturers are on leave on scheduled days, so there is a loss of students coming from outstations and working students.

Practical work for more effective learning

Educational trip

Employment advice

Poor communication about class and practical and exam and checking related notice and some staff are very arogent and help less with students during pandemic
