BRIEF ANALYSIS OF FEEDBACK

Nurturing education among the students is a wonderful experience. We at Narayanrao Chavan Law College impart legal education to students with an optimistic view to make their future glorious. Feedback from students is taken time to time especially after every academic session is completed. We arrange remedial coaching for the weak and slow learners and try our level best to improve their academic level. After completion of these classes feedback is taken from the students.

Similarly, parents and teachers meet is taken for the better interaction between students, teachers and parents. A feedback is also taken from the parents if they find any difficulty regarding the teaching and learning of their ward.

The college being a research centre, number of PhD students is being registered at the centre. We provide every facility to them and help out to resolve the issues relating to research. We also conduct course work and other academic activities related to research such as arranging lectures on research methodology etc. We also take feedback from these research scholars.

As per the guidelines given by the UGC time to time we also arrange classes for competitive exams for entry in services for SC/ST and Minority students. We invite eminent personalities from the society to deliver lectures. We also invite people who conduct coaching classes especially for competitive exams to deliver lecture for our interested students also.

An overall analysis of the students can be taken out through the passing percentage in each academic session and can be compared with the dropout rate. We have compared the results with the last year and we find that the graph of passing percentage has definitely increased. Parents also have the liberty to give suggestion as to improve academic standards. Feedback is taken from the students, parents, aluminate and guests by issuing the prescribed format.

It is sought in 2015-16 that the feedback which we received throughout the year clearly shows an improvement in overall performance of the students. 81.18% of the students agree that their respective teacher has the ability to communicate the subject matter in an effective way. 78.38% of the students believe that their teacher has a good command over the subject. 77.31% confirm the teacher's general awareness/ knowledge/ aptness while teaching the subject.

Narayanrao Chavan Law College Nanded has paid attention not only to the quantitative growth but it has also been striving to give an excellent and qualitative performance in the discipline of law. The college has a vision to promote excellence in the field of legal education. The present day vibrant as well as volatile scenario of the country in particular and the world in general requires the legal system to be strengthened enough to be able to make sufficient contribution in national development and social burden in a constructive manner.

To meet the ever increasing need of the legal education the college has tried and is trying to setup high standards of economic excellence from a research and innovation so that our students could bat par with the best in the industry. Through various activities like conferences, competitions, moot courts and extensive lectures the college is ensuring that the students can inculcate in them all the parameters of a well integrated personality. After the National Moot Court Competition, the second best practice which we carry on in the institution is the arranging of Legal Aid Camps and Career Counselling. Various legal aid camps are organised by the college in collaboration with District Legal Services Authority. This camp shows participation of teaching staff as well as students. They actively render their services in such camps by giving free legal aid to the poor and needy and create awareness among them on the burning issues, both civil and criminal. Some of the areas of advice are- gender sensitization, women empowerment, corruption, property disputes, domestic violence etc.
