Already a good teaching staff

Teachers teaching is very good I'm happy for that

Need to improve the staff faculty only regarding the submission of forms and all and for better effectivity can upgrade library with the bar codes for the book issuing process can keep record on the library system library teaching can improve by upgradation

I have no words for

- 1) Contacts students usually friendly;
- 2) Colour the wall of college and improve the building and dexes because naturel invironmet;
- 3) Add the subject of practice of court , compulsory in each semester.

**LAW COLLEGE NANDED**

1. their is need to start night collage for employees and practitioner while teaching
2. start the Curriculum of PG-ADR Diploma in alternate dispute resolution.

Communication

1. The teaching method is good but when we are at process of ending the syllabus then the teachers give excuses for taking class sometimes.

2. The teachers of practical paper subject generally save them from taking classes. They are not taking classes regularly. I think that they should give same importance to practical paper as of other subject.

- 1) Understood students
- 2) improve infrastructure in class room
- 3) encourage students for other curriculum activities

Very good

- 1) There must be a 'Mic and Speakers' for dictation in the Classrooms.
- 2) The Paper reading hall of Library shall must maintained 'silence'.
- 3) Please clean the Benches regularly.

Teaching experience is very good no need of suggestions

Cover whole syllabus and teach properly and explain the things and give practical knowledge of student

The way teachers teach us is excellent but they have to interact with all the student in a class and ask frequently about understanding, and if any student have queries they have to solve their problems about a particular chapter.

ALLHUMDULILLAH

Pls improve the teachers staff

clinig in learning hol,

1. Please understand the Problems of Students regarding University issues
2. Please give sufficient time to students for semester exam
- 3.

Need Practical Training

More Practical work,  
Live demo  
Skills development of students

I hope teachers take lectures regularly and make themselves well-aware about syllabus , also hope they stop discriminating students during assignment submission

Nothing

Regular class

- 1 Do not get angry
- 2 see every student equal
- 3 solve all questions of students properly in every situation

Very short time to exam. It may extend

Teachers should give more and more information regarding employment to the students just like how the engineering collages to gathering and how the campus visit at their collage for employment

All faculties are good

It's a good learning experience in the college. I think there is a balanced teaching staff and have very good communication with students.

Sir's should stop time pass in class and take class on time and teach as much as the class has.

Uses of teaching learning activities are tremendous and easy to understand

1. Use better graphics and visual media to engage students will.
2. Try to reach every student and ask for their doubts.
3. Make teaching a two way interaction.

1. Good teaching process
2. Visit to educational institutions. Like court
3. Good learning experience

Our college is a law collage. But our college staff never follow equality.no give our college staff us proper justice, for poor students.

College can introduce hybrid mode of learning,College should have a ground so that in free time studens can free up their mind,the communication between teachers and students can be increased a little more

Not properly work led projector in my class many time problem created. so they improve it. Teachers should talk to student about practical knowledge of this field.

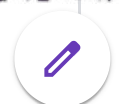

Thank you....

Teaching staff should be friendly while checking C A books

Try to understand the problems of students,try to listen them their actual problem or opinions..... pls don't judge them by their appearance

College environment is very passionate, supportive, i always thanks to our college professor, college staff.

All teachers are teaching by heart

All teachers are co-operative natured

All teachers are completed syllabus in time

1) Teachers Should Adopt the friendly relationship between students  
don't over Burden of Practical's upon students

2) Every time When students asked for guidance Or any other reason for guidance with respect  
few teachers tThey didn't Listen Students Properly And try to avoid.  
sometime Gives them guidance or Sometimes not

3) They should need to Learn from Vina Patil Madam how to , Teach , etc

Thank you for Everything !

Good experience

Not at all

There is need of ICT tools while teaching, improvement in lab, and need of competition  
program for preparing JMFC

No suggestions...they are good

Good teaching

Teacher encourage to students in every class

Fairness of internal evaluations

No any suggestions

Teaching is very good .

teachers should have discuss about exam pattern and their related things.

Add sound along with the projector, arrange for drinking water

There should be sound boxes also available with the projector in classroom, because some  
time teachers show a short movie etc to teach very well but they cant do without sound box.

All teaching staff is good but Teachers like Palekar Sir and RS Kadamb Sir should be appointed  
as a permanent teacher by Sharda Bhavan Education Society.

office clerical staff should be increased , because students have to stand there on a big que for  
office work like filling exam form, filling fees etc.it is impacting on study

**PRINCIPAL**

- 1 Create a sustainable student farm
- 2 Do not forget the college tour
- 3 keep the college Grounds clean

1. Projector are not working properly in the classes. 2. Professors are taking the lectures on the present of the students. 3. Professors should punctual and focus on the studies of students.

Campus is better , it can be best,  
I honer , beacuse I am student of this Institution.  
This Institution helps being responsible citizens.

IN

Class should engaged by concerned teachers on their scheduled time and complete their syllabus within given time table

Practically, mentality of students, teacher and student conversation

1. Offline with online classes have to done 👍 better for students and college made more better or best other than college campuses.
2. Specially I will recommend that, online library concept is used for students as the membership card... With reasonable fees ..... So many students ought to be used books for there better future... Because our law books are very expensive..... That's why I'm suggesting for this.... As requeste... Suggestion....

Use technical support, communicate each and every student for their future career, build a confidance to fight problems related their future....

Best

We just dont have the knowledge of books we needs practically using knowledge..

To maintain strong rules and regulations for a college . And also improvement of students.

Excellent nothing to say .

- 1) they shall give examples of Practical works in teaching theory
- 2) proper interaction with students after lecture

I can't give any suggestion regarding teaching.

Very good learning

Exllent

Good in all aspects,  
Need more extracurricular activities  
Interactive sessions

Good Good Good

good

Well good

1:Classes timing should be increase  
2:every subject's class should be conducted regularly  
3:one of the teaching or explaining language of teacher should be Hindi

Some teachers involve students totally in their lecture and interact with them. But , some teachers even don't see the students present in the class , with exception of some students. Somewhere, it makes feel that we're present in the class without any importance. Please , change this manner of some teachers.

Every one must focus to make all office work student friendly and online

No need keep it up

1)Classes timing should be increase. 2) Every subjects class should be conducted regularly. 3) One of the teaching or explaining language of teacher should be hindi

Improve teaching quality, and need to qualified and permanent teaching staff. Strictly Conduct classes on regular basis. 75 percent attendance mandatory for each and every student, at any cost. And teacher provide notes in class.
